To whom it may concern

This is to certify that Aadya Sharma, a Grade 11 student at Modern Delhi Public School, Faridabad, successfully completed a 3-week internship at MoMagic from 15th May to 2nd June 2023.

MoMagic (<https://www.momagic.com>), an Indian company established in 2011, specializes in data science for IoT and AdTech, with a presence across Asia.

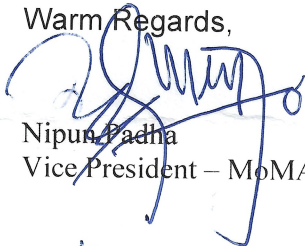

Aadya, an engineering enthusiast, gained a comprehensive understanding of the entire project lifecycle of IoT modules, from concept to deployment. She contributed and worked on market mapping and identified various applications of IoT modules.

Aadya displayed excellent research skills and also assisted in data collection and analysis, providing valuable insights that supported our ongoing research projects.

Her enthusiasm and passion for her work were truly commendable. Aadya performed her tasks thoroughly and efficiently, with her notes reflecting a deep understanding of her subject. Her performance exceeded our expectations, and she consistently completed her tasks on time.

We are confident that Aadya will continue to excel in her future endeavors and wish her the best of luck.

Warm Regards,

Nipun Padha
Vice President – MoMAGIC Technologies

5th June 2024.
